- ❑ Communication Skills
- ❑ Character Building
- ❑ Parenting Strategies

Wayne J. Townsend — “Mr. T”

The keys to quantum learning entices kids to achieve their personal best. By adding a little rhythm and lots of excitement, kids can't help but take part and embrace the passionate message that surrounds them in this dynamic workshop “Rhythms of Life.”

After a career of teaching in both secondary and elementary panels and entertaining professionally, I can't think of a better way to bring both of my passions together for kids.

Rhythms of Life

**“a high energy
percussion presentation
that incorporates
the keys to
Quantum Learning”**
